Hard Working And Not Even A Member Yet Noah Rocker

Distinguished President
John Troncale
Secretary
Jason Gray
Distinguished Club
(Award presented by our own Tammy Driskill)

Pam Fleming one of the hardest working Kiwanians in Alabama...

John, Pam, and Tammy, Do-ers...

We need more people in the Kiwanis Club like **Noah Rocker**. He has worked himself to death and the ink isn't even dry on his application. We need more people like our speaker, **Pam Fleming**, who has accepted each job Kiwanis offers in the whole District. We need more people like **Gordon Isbell** who is working hard to get back to our weekly meetings. Till then, we will continue to take the meetings to him.

It's hard to believe so much energy and enthusiasm comes wrapped in such a comely package as Pam Fleming. She has led many a charge in the District of Alabama. Her work on the Boundless Playgrounds has resulted in playgrounds accessible to children with disabilities. In her new role as an International Trustee, she brings international goals and projects to each District she is responsible for.

Kiwanians like us stamped out IDD. With less than one teaspoon of salt, Kiwanis has reversed the mortality rate in poorer countries of the world. Our new world wide project has not been decided upon, but with people like Pam Fleming on board, you can bet the job will get done.

Congratulations to **John, Jason** and **our entire club** for reaching Distinguished status at the recent Growth Summit. This distinction does not come lightly and basically means that our club has met or exceeded our local, District and International goals.

Congratulations to **Chad** on the incoming new family member! Also, see him asap if you want a seat at the table to see our own **Jim Martin** receive even more accolades for a life well lived in service. There are only a few places left or you have to buy your way in!

Gordon is headed home according to **Harry**. We all wish Gordon and Iris the best, as Kiwanians and as friends. And maybe even a few Attallans....Get Better Soon Gordon!
